Selectmen of Northfield

Report of Selectmen

We respectfully submit for your consideration a report of the various Town Officers and Departments for the year ending December 31, 1935.

The finances of the Town are in good condition—let us keep them so by keeping the appropriations as low as is consistent with the best interest of the Town.

Some money has been expended in connection with the Federal and State projects, in return for which we have had an athletic field, water holes, road work and other work done, thus giving our people a chance to earn money, a part of which, under present conditions, would have had to come out of the Welfare account.

FRED A. HOLTON

Selectmen of Northfield

Report of Finance Committee

The Finance Committee held meetings on November 21, 1935 and January 17, 1936. At the second meeting a copy of the Town Warrant was carefully considered. Our recommendations follow individual articles in so far as we had sufficient information and data for our guidance.

The Committee recommends that consideration be given at the annual Town Meeting of charging against surplus revenue the following items as listed in the Town Warrant:

Under Article 8—Contingent	\$1800
Article 14—Int. and note due on Town Hall debt	\$3240
Article 15—Reserve Fund	\$2000

Report of the Trustees

of Dickinson Memorial Library

For the Year 1935

In this report the Trustees wish, first, gratefully to acknowledge the following gifts:

20 books from the library of the late Robert W. Hartman, given in his memory by his grandmother.

10 volumes of recent fiction given by Mrs. Anne Merriman Hachita.

Thanks to the cooperation of Mrs. Earl Lilley a branch of our library has been maintained at her home for the use of the children of West Northfield.

Our efficient librarian reports that the registry shows patronage by 715 of our citizens, about one in three of our population.

With the help of the money granted at the 1935 Town Meeting and addition funds supplied by the federal government the library building has been thoroughly repaired. This has added greatly to its efficiency as well as to its appearance.

The Trustees appreciate the support and interest of their fellow townspeople in the library.

For the Trustees,

Mrs. Nellie F. Wood, President

Mrs. Stanley

Mrs. Stockbridge

Rev. Mr. Carne

Rev. Mr. Coe

Report of Cemetery Commissioners

The Cemeteries have had the usual care as in the past.

We ask for an appropriation of four hundred (\$400) dollars to care for Cemeteries for 1936; also an appropriation of one hundred (\$100) dollars to gravel the front road in Central Cemetery, this to be taken from the Lot fund.

Report of School Superintendent

To the School Committee
and
Citizens of the Town of Northfield:

Herewith, I submit the annual report of the activities of the School Department for the Fiscal Year, 1935. This is the eleventh report of the present Superintendent and covers the 199th year of the Public Schools of the Town of Northfield.

Part One — ORGANIZATION

Fewer changes have taken place in the schools and the personnel than in most years so that our organization and general control and conduct are about as last year.

There were two changes in the teaching force in the High School: Mr. Taylor left us and Richard A. Cobb was elected to the position. Mr. Cobb is a graduate of Deerfield Academy and Amherst College and had a year's experience in teaching before coming to Northfield. He had four years' athletic training in college. Miss Hunt, the Household Arts teacher, resigned and her place was taken by Miss Arlene I. Eccles, a graduate of Framingham Teachers College. Two vacancies occurred in the grades: Miss Natalie E. Moulton resigned from the West School and Miss Beatrice E. Cembalisty was elected to the position. Lyle E. Glazier, the Principal of the Center School, resigned to accept a position in Mount Hermon School and Melvin H. Glazier was elected to the place. We were sorry to lose the one brother but the other has been a very satisfactory successor.

Buildings and Equipment:— Through the kindness and cooperation of the Trustees of the Abigail Stratton Fund, a well has been drilled at the Farms School. The well is more than 200 ft. deep and connects with a vein of pure and very cold water. The Trustees also built a cement room below ground level and connected it with the cellar of the building. The water rose to a height of 38 feet below ground level and this required a deep well pump. This pump the Committee installed and the building has now what it has never had, a plentiful supply of excellent and pure water.

The ventilating system at the Center School has never been quite right and an increased system of pipes has been installed to give sufficient exit for the foul air from the front room upstairs. A decided improvement is noticeable.

The basement at the West School has not been satisfactory and the increase in number of pupils has compelled changes in heating and sanitary arrangements. This proposition was accepted as a P. W. A. Project and work was to begin early in the Fall. Actually, the order to begin did not come until the winter. The building has been jacked up, the North part excavated, a wall built. It is now planned to complete the work by excavating the south half, relocating the furnace and closets and make the school a modern building. We are assured that the work will be approved and the money supplied.

The work on Number 3 School was done as planned and outlined in the Report of 1934. The rotten parts were scattered over the roof, mostly in the sap-wood of the boards but in one place it included one whole corner of the roof and the finish connected. A new roof was placed over the old, new slates on one side, and now the roof will outlast the youngest of us.

In General:— A law passed by the last Legislature places the control of all athletic grounds in the hands of the School Committee. This includes care, upkeep and equipment. We ask for a small amount to keep the grounds in condition, leaving

— ANNUAL REPORT, 1935 —

the problem of equipment until later. All local organizations will receive our complete cooperation in the use of the field.

We are heartily in favor of outdoor sports and games, placing minor emphasis on competitive athletics.

— ANNUAL REPORT, 1935 —

The Committee has spent long and serious hours over the problems that face the School Department. The introduction of new and modern series of Grade Books has been a step in the right direction. We dislike to ask the large amounts needed for remodelling the old buildings. The State Board of Public Safety have made some very serious criticisms of our buildings and it will be necessary to expend considerable sums to meet their requirements. We have no choice. If we fail to make the changes they can prevent our use of the buildings.

It was to meet these stringent requirements that we offered the Town the proposition of a modern school building. This was decisively defeated and we must ask for the money necessary to alter the buildings as the Inspector demands. In our budget above we have placed a sum to continue the work on the West building and special articles to meet other demands which we must meet this year.

Respectfully submitted,

LINVILLE W. ROBBINS

Superintendent

Report of School Physician

To the Board of Education, Northfield, Mass.:

Herewith, I submit the annual report of the Medical Department for the year 1935:

Assisted by the District Nurse, Miss Herron, all the school pupils in the Town of Northfield were examined during the months of October and November.

The following defects were found:

Poor Posture	81
Poor Nutrition	33
Diseased Tonsils	26
Abnormal Heart	4
Curvature of the Spine	2
Decayed Teeth	85

You may notice there is a marked increase in poor posture over other years. To overcome this condition we have begun a series of movements in physical exercise to be given in every school room every day during school hours.

There is also a slight increase in children having poor nutrition. We would again urge the parents to give the children warm lunches at noon at school as far as possible, using the thermos bottle for warm drinks.

Because the blanks for parents to sign reached the schools too late in the year, the Chadwick Clinic was not held last year. However, the follow-up work of previous years has been kept up, and all contact children have been X-rayed at the

— ANNUAL REPORT, 1935 —

Franklin County Hospital by the State department free of cost to the families.

In May the toxin-antitoxin clinic was held at the Town Hall. Thirty-seven children received the toxin. Another clinic will be held in May this year for all children of the pre-school age. All the school buildings in town have been inspected, and at the time of inspection were in a sanitary condition. A few complaints have been made that at times the toilets are not sanitary. It is impossible for the janitor and teachers to have complete control over the children at all times. To remedy a condition of this kind the first training should begin at home and with the cooperation of the janitor and teachers better conditions will exist.

During the year there have occurred a few cases of measles, chicken pox, scarlet fever and scabies, but none of an epidemic nature.

I wish to thank the Superintendent, Teachers, School Nurse and parents for their cooperation during the past year.

Respectfully submitted,

ALLEN H. WRIGHT,

School Physician

Report of School Nurse

To the Superintendent of Schools and the School Committee of the Town of Northfield, I herewith submit a report of my work as School Nurse from January 1, 1935 to December 31, 1935.

Number of class room visits	258
Number of first aid cases	9
Number of homes visited	108
Number of children visited	110

Assistance was given the School Physician in the usual physical examinations.

Total number of days spent 38

In addition the following services was given:

Number of children taken to Greenfield to Tonsil Clinic	5
Number of children taken to Greenfield to Oculist	3
Number of children taken to Greenfield to Chadwick Clinic	5
Number of children admitted to Health Camp in Greenfield	4

— ANNUAL REPORT, 1935 —

Number of children who received cod liver
oil donated by the Fortnightly Club 22

Number of children examined in the Well Child
Conference by Dr. Susan Coffin and staff 19

Assistance was given the School Physician in inoculating
37 children against Diphtheria, in the usual Toxin Anti-toxin
Clinic. Six of these children were transported.

Dr. Barnes from the Gardner State Hospital was assisted
in the examination of five children.

Number of children attended and transported to Dental
Clinic — 42.

Pictures on posture and the care of the teeth were shown
in the schools by Miss Julia Whitteker, R. N. of the State De-
partment.

A Home Nursing course was taught to the high school
Domestic Science Class.

Respectfully submitted,

CATHERINE HERRON

Report of the Town Clerk

Vital Statistics

It is extremely important that the **Vital Statistics** record be complete and correct. If any errors or omissions are discovered the Clerk will deem it a favor to have them reported at once so that corrections may be made.

As required by Chapter 46, Section 15, General Laws of Massachusetts:

Notice is hereby given that the Town Clerk will furnish blanks for returns of births to parents, householders, physicians, and registered hospital officers applying for the same.

JOSEPHINE S. HASKELL,

Town Clerk

Report of Fire Chief

During 1935 the fire department answered 32 calls to fires. There was no loss of taxable property. 21 of these calls were chimney fires which shows that more attention should be given to the care of chimneys.

During the past year under ERA projects there have been 21 water holes built at a cost to the town of approximately \$600.00. Nineteen of these water holes protect taxable property valued at \$156,043.00 the year around. The other two protect property valued at \$10,807.00 for about nine months of the year.

Respectfully submitted,

GALEN G. STEARNS,

Chief of the Fire Department

Report of Community Nurse

To the selectmen of the town of Northfield, I herewith submit a report of my work as Community Nurse from January 1, 1935 to December 31, 1935:

Number of nursing visits	991
Number of adults taken to Greenfield to Chest Clinic	2
Number of adults taken to Greenfield to Oculist	2
Number of adults taken to Dentist	2
Number of Child Welfare visits	58
Number of Social Welfare visits	22
Number of Public Welfare visits	98
Number of hours spent in office distributing commodities	121
Number Prenatal visits	15
Number of Obstetrics	7

One trip was made to the Belchertown State School
A class in first aid was taught to the Girl Scouts.

Through the courtesy of Dr. Hubbard the beds and tables that were provided for the use of patients at the Northfield Hospital by the proceeds of the rummage sale and benefit supper, sponsored by the Social Service Committee of the Woman's Alliance, have been returned to the town and are now in the Community Nurse's office where they may be obtained by our local doctors and nurses for the use of any patient who needs them.

I wish to express my appreciation to all persons who assisted me, in any way, with my work in the past year.

Respectfully submitted,
CATHERINE HERRON

Report of Gypsy Moth Superintendent

During the past year the most intensive Gypsy Moth eradication work has been carried on than in any previous year. While the results of this work have been very encouraging, unless similar measures are taken for several years to come, such work will have been done in vain. Certain sections of the town are still badly infested, and the rapidity with which this pest spreads, requires constant work; more and more people are becoming acquainted with this pest, and can readily see how destructive it is. Funds for such work should be made quickly available.

Eradication work was carried on by three separate projects, each of which accomplished gratifying results, according to funds and men available: these were (1) the Town; (2) Boy Scouts; (3) F. E. R. A.

1. The Town appropriation for 1935 was \$700. With this money several men were employed during the spring and fall, creosoting egg clusters, for a grand total of 22,342. This consisted of 101 infests the largest containing 1,110 egg clusters.

2. Several Boy Scouts under the direction of the Gypsy Moth Superintendent were given instruction in eradication work and destroying a total of 536 clusters. Very commendable work.

3. The F. E. R. A. appropriation of \$3,060 — \$1,800 — \$5,560 — gave employment to eighteen men (of this amount the cost to the town was \$100). These men not only destroyed 114,917 egg clusters for a daily average of 3090, but also cut

—TOWN OF NORTHFIELD—

and cleared from approximately 75 acres, brush, dead trees, old stumps, etc., which make ideal places for the laying of gypsy moth eggs. When one considers the enormous number of eggs destroyed, it can easily be seen that the Town should allow no lapse in furthering such work. There are, at this time, many roadside trees in the south part of the town, in danger of being completely destroyed.

Of special interest, is the fact that Mrs. Ball, whose property is on the New Hampshire line, spent \$16 as she did last year, for eradication work. In two days 650 egg clusters were destroyed on her property.

Since November the C. C. C. boys of Warwick have given the town help in this work at Northfield Farms.

Respectfully submitted,

RODERIC H. PARKER,

Local Moth Superintendent

Report of State Auditor

To the Board of Selectmen

Mr. Fred A. Holton, Chairman

Northfield, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Northfield for the year ending December 31, 1935, made in accordance with the provision of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Northfield for the year ending December 31, 1935, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or sending out bills for collection, were examined and verified.

The surety bonds of the town clerk, tax collector, and treasurer for the faithful performance of their duties were examined and found to be in proper form.

— ANNUAL REPORT, 1935 —

The receipts for licenses issued by the board of selectmen were checked with the record of licenses granted and the payments to the treasurer verified.

The books and accounts of the town accountant were examined and checked. The receipts, as recorded, were checked with the records in the departments collecting money for the town and with the treasurer's books, while the payments were compared with the warrants of the selectmen and with the recorded disbursements made by the treasurer. The appropriation accounts in the ledger were checked with the town clerk's record of town meetings, and all other accounts were checked with information in the departments in which the transactions originated.

The ledger was analyzed, a trial balance was taken off, and after necessary adjustments were made, a balance sheet, showing the financial condition of the town on December 31, 1935, was prepared and is appended to this report.

The balance sheet indicates that the town is in excellent financial condition.

The tax title deeds, in custody of the treasurer, were listed and reconciled with the accounts of the collector and with the accountant's ledger.

The books and accounts of the treasurer were examined and checked in detail. The recorded receipts were compared with the departmental records of payments to the treasurer and with the other sources from which money was paid into the treasury, while the payments were checked with the treasury warrants issued by the selectmen and with the accountant's ledger.

The cash book additions were verified and the cash balance on December 31, 1935, was proved by a reconciliation of the bank account with a statement received from the bank of deposit.

The payments of debt and interest were verified by a comparison with the amounts falling due and by inspection of the cancelled securities on file.

— TOWN OF NORTHFIELD —

The books and accounts of the tax collector were examined and checked. The accounts outstanding at the time of the previous examination were audited, and all subsequent commitments of taxes were proved with the assessors' warrants. The collections, as recorded were checked, the payments to the treasurer were verified, the recorded abatements were compared with the assessors' abatement records, and the outstanding accounts were listed and proved with the accountant's ledger accounts. The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The receipts of the town clerk for dog and sporting licenses were checked with the records of licenses issued, the payments to the state and to the town treasurer being verified. The miscellaneous licenses issued by the town clerk were checked with the records of licenses granted by the selectmen and the collections were compared with the payments to the treasurer.

The record of bills sent out for collection by the public welfare, old age assistance, and school departments were examined and checked. The commitments of charges were compared with the accountant's ledger, the collections, as recorded were verified by a comparison with the payments to the treasurer, the disallowances and abatements were checked, and the outstanding accounts were listed and proved with the accountant's ledger.

The recorded receipts of the sealer of weights and measures were checked with the record of fees charged and the payments to the treasurer were verified.

The librarian's record of fines collected was checked. The payments to the treasurer were verified and the cash on hand was proved by actual count on January 6, 1936.

The records pertaining to the rentals of town property were checked. The recorded collections were compared with

— ANNUAL REPORT, 1935 —

the payments to the treasurer and the abatements of charges were checked.

The records of receipts of the community nurse were checked, and the payments to the treasurer were verified.

The records of charges of the cemetery commissioners for the care of lots and the sale of cemetery lots were examined and checked. The collections, as recorded, were compared with the payments to the treasurer and the outstanding accounts were listed and proved to the accountant's ledger.

The securities, including savings bank books, representing the investment of trust funds in the custody of the treasurer, selectmen, and trustees were examined and listed. The income was proved, the payments were checked, and the funds were found to be as reported.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and departmental accounts, as well as tables showing the transactions and condition of the trust funds.

For the co-operation received from all the town officials while engaged in making the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Ass't Director of Accounts
